

Product/Process Change Notifications

PCN - 14 100

Release Date: November 25 2014

Product Name:	Metral		
	Metral Housing		
Product Manager:	Stan Zhang		
Subject:	Notification of Change with Immediate Effectivity		
Distribution:	General		
Type of Change:	Materials Change		
Change Description:	<p>We are using E130i resin material for the moulding of the Metral product. We propose to use equivalent material supplied by local suppliers (PRET LCP KG300-130 and KINGFA LCP Vicryst R830) as an alternate to the existing material. Qualification testing confirm that all these materials have comparable performances. But there could be minor colour differences as these are supplied from different suppliers. Except for this, there is no other impact to the products form, fit and function.</p>		
Reason for Change:	<p>Logistics issues like long lead time of the existing raw material can potentially disrupt the connector supply. In order to ensure availability, we propose to use equivalent materials from local suppliers.</p>		
Affected Parts:	Attached list.		
Effective Date of Change:	February 28, 2015		
Last Time Buy Date:	NA		
Last Disty Return Date:	NA		
Last Time Shipment Date	NA		
Datasheet Attached?	NA		
Qual/Test Data Attached?	NA		
Samples Availability Date:	November	28	2014
Available Alternatives?	N/A
