## Bourns® Model SRP7030F Series Shielded Power Inductors to be Discontinued

Bourns has decided to discontinue the [Model SRP7030F](#) Series Shielded Power Inductors. A lack of sales volume and diminishing demand necessitates this action.

The AEC-Q200 qualified, automotive grade [Model SRP7028A](#) Series Shielded Power Inductors are the recommended replacement models. The form, fit and function of the suggested replacement Model SRP7028A are not identical to the obsolete part. However, the specifications of the suggested replacement model are likely to be substitutable for typical applications. Please refer to the Bourns data sheet for more information.

Obsolete Part Number	Recommended Replacement Part Number
SRP7030-R10FM	SRP7028A-R10M
SRP7030-R15FM	SRP7028A-R15Y
