Product Manager:	James Wang			
Subject:	Process Change Notification			
Distribution:	General customer distribution			
Type of Change:	Manufacturing Process Change			
Change Description:	Currently, tray package has open end design on tray slots. This change will close the tray slots resulting in a full closed end design of the tray package. (see below for reference)			
Reason for Change:	With the current design, significant amounts of foam packaging material is needed to protect the parts from damage during shipping and handling. With this change, the amount of foam can be significantly reduced while maintaining part protection. This will result in easier removal of trays/parts when used by customer.			
Affected Parts:	See PNs list in the affected parts.			
Effective Date of Change:	December	03	2011	<i>The sample (including new tray) will be available by Oct.15,2011</i>
